

# Arco Hair and Body Wash

## PROPERTIES

Arco Hair and Body Wash is a particularly mild skin cleansing lotion for the removal of light soiling, as it occurs e.g. in offices and administration, in medical departments and care facilities, in the food processing industry, for light storage and packaging activities.

- Is very skin-friendly due to a high proportion of moisturising substances.
- Can be applied to the entire body and can also be used for washing hair.

## COMPOSITION

Arco Hair and Body Wash consists of selected, high-quality raw materials, which are to a large extent of plant origin.

- Contains a complex, synergistic surfactant system, with so-called sugar surfactants, which ensures the skin-friendly removal of dirt.
- Contains a high proportion of a balanced refatting system, which can counteract degreasing of the skin with glycerine derivatives and skin-related care substances, especially for frequent washing.
- Is a blue coloured, pearlescent skin cleansing product.
- Is pH-skin neutral.
- Is silicone-free.
- Dermatologically tested with a rating of "very good".
- Has proven itself in practice based on many years of experience.

## APPLICATION

Apply Arco Hair and Body Wash to damp skin or hair and rub in. Then rinse with water and dry off.

***Note:** Avoid contact with eyes. In the event of contact with the eyes, rinse immediately with plenty of water.*

## PRODUCT DESCRIPTION

Arco Hair and Body Wash is a blue coloured, pearlescent, slightly viscous lotion, pleasantly scented.

pH-value: ca. 5.0 - 5.5

Density: approx. 1.04 g/cm<sup>3</sup> (20 °C)

## LEGAL REGULATIONS

---

Arco Hair and Body Wash is subject to the EU Cosmetics Regulation and the UK Cosmetics Regulation.

## STORAGE INFORMATION

---

Arco Hair and Body Wash can be stored in closed original containers at room temperature for at least 24 months.

## SKIN CARE TIPS

---

In case of exposure to harmful substances, an appropriate skin protection product should be used before work to prevent skin damage (e.g. the generally applicable skin protection lotion Arco Pure Protection Cream).

After work, the skin should be regularly rubbed with a suitable skin care product (e. g. Arco After Work Moisturiser Lotion, the active substance-rich skin care lotion) to regenerate the skin.
