

Arco After Work Moisturiser Lotion

PROPERTIES

Arco After Work Moisturiser Lotion is a high-quality Skin Care Lotion rich in active ingredients for application after light to severe skin stress.

- Light, fatty and easily spread on the skin and is absorbed very quickly.
- With consistent application, it can promote the regeneration of affected skin areas. The skin is cared for and negative environmental influences can be counteracted.
- Is HACCP-rated and can therefore be used within the framework of an HACCP concept in the food industry.
- Is suitable for use for people with sensitive skin.

COMPOSITION

Arco After Work Moisturiser Lotion consists of selected, high-quality raw materials and a selection of different active ingredients:

- Natural α -Bisabolol, an antiphlogistic active ingredient from chamomile. This ingredient can counteract inflammation of the skin*.
- D-panthenol is a provitamin of pantothenic acid (Vit. B5). D-panthenol promotes wound healing, stimulates epithelisation, cell division and skin pigment build-up*.
- Keratin, of natural origin, is a high-quality protective protein for the skin. It keeps the skin moist and maintains skin elasticity*.

- Natural free vitamin E (α -Tocopherol), with high biological activity, reduces skin damage by free radicals and thus delays the skin ageing process*.
- Vitamin A promotes the enzyme activity of the skin and collagen formation. It also supports the regeneration of UV-aged skin*.
- Contains natural, skin-caring almond oil.
- Special moisturisers regulate the moisture content of the skin and should prevent it from drying out.
- The use of these high-quality ingredients makes Arco After Work Moisturiser Lotion an ideal skin care product of extraordinary quality.
- Is silicon-free.
- Is unscented.
- Was rated "very good" in a dermatological-allergological test on subjects with sensitive skin.
- Has proven itself in practice based on many years of experience.

APPLICATION

Make sure your skin is clean and dry after completing work and then rub in Arco After Work Moisturiser Lotion thoroughly.

Arco After Work Moisturiser Lotion is suitable for all-over body use. Regular application is necessary to achieve a sustainable effect.

pH-value: 4.6 - 5.2

Density: approx. 0.99 g / cm³ (20 °C)

LEGAL REGULATIONS

Arco After Work Moisturiser Lotion is subject to the EU Cosmetics Regulation and the UK Cosmetics Regulation.

All our cosmetic products are manufactured according to GMP (Good Manufacturing Practice) and undergo microbial quality control.

STORAGE INFORMATION

Arco After Work Moisturiser Lotion can be stored in closed original containers at room temperature for at least 24 months.

SKIN CARE TIPS

In the unavoidable handling of harmful substances, a suitable skin protection product should be used to prevent skin damage before starting work (e.g. Arco Pure Protection Cream, the generally applicable Skin Protection Lotion).

Depending on the type of soiling, a suitable skin cleansing product should be applied (e.g. Arco Med/Heavy Duty Hand Wash for medium to heavy soiling).

DISPENSER SYSTEMS

- Arco One White or Black Dispenser 1L soft bottles, with window.
