Category I Simple Design for minimal risks only.

### Approved to:

BS EN 420:2003 Size : 8

### Product Markings

### Performance

Cat 1 Simple Design for minimal risks only.

EN 420

### Warning

Please insure you keep a safe distance away from moving parts of machinery to minimize the risk of entanglement.

### Obsolescence

When stored properly the product will not suffer changes in the mechanical properties from the date of manufacture.

Service life cannot be specified and depends on application and responsibility of user to ascertain the suitability of the glove for its intended use.

### Maintenance

Both new and old gloves should be inspected before wearing to ensure that no damage is present before use. Laundering these gloves is not recommended. If wet allow to dry naturally.

### Innocuousness

Whilst every effort is made to ensure the innocuousness of these products, there are certain chemicals used in the manufacturing process which may cause skin irritation to a small percentage of users. In the unlikely event of this happening, the product should not be used and Arco contacted for alternative products.

### Storage and transport

When not in use, store in a well ventilated area away from extremes of temperatures. Never place heavy items on top of it. If possible, avoid excessive folding and preferably store it hanging vertically.
