

Thermal

KT1, KT2, KT1D & KT2D

A range of thermal insulation gloves providing warmth with comfort, grip and dexterity.

Manufactured from DuPont's Thermastat® fibre, the KT range of gloves are soft and non chaffing with a fast wicking action for greater dryness. The lightweight fibre construction ensures no loss of dexterity and enables the gloves to be used as a liner with Marigold Industrial chemical resistant gloves. Available in white (KT1 and KT1D) and blue (KT2 & KT2D) the KT1D and KT2D have a blue polka dot palm for added grip and are ideal for use in food, fishery and construction environments or general outdoor working.

"THE RIGHT GLOVE FOR THE JOB"

Suggested Ideal Applications

FOOD

fishing industry

CATERING

cold storage

PRODUCTION

cold handling

CONSTRUCTION

general outdoor work
