

Cut

Medium Duty

## Whatever industry, the HyFlex indicator system helps the wearer to select the right protection for the job

- The smart combination of abrasion and cut resistance. Provides not only the protection needed in dry and slightly oily environments, but also educates workers to understand risk levels.
- Designed to make the selection of hand protection easy. The indicator system on these HyFlex gloves simplifies the selection of the right glove for the job for increased worker safety.
- The colour indicator system on the glove ensures the wearer of always having the appropriate cut level performance.
