Technical Data Sheet

ArcoPro FR Long Sleeve T-Shirt

Inherent workwear

The ArcoPro range of Flame Retardant clothing has been designed with Ultimate Protection in mind. This range of highly technical workwear meets the most demanding safety standards and as such carries our Category 3 seal of approval.

These garments are inherently flame retardant and anti-static which makes them ideal for use in hazardous working environments.

► Garment details:

- Reduced number of seams - makes the garments as comfortable as possible
- Lightweight stretchable fabric - helps to provide a great fit
- Perforated side areas - provides additional areas of breathability to allow the body to breathe
- Technological fabric - helps to wick away sweat and regulate body temperature

► **Grey:** 18B2300

► **Sizing:**
S - 3XL

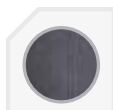

► EN Standards:

EN ISO 11612 – Clothing to protect against heat and flame
EN 1149 – Protective clothing – Electrostatic properties
