## Hi-vis ECO coverall with ARC protection

Protect yourself against the everyday dangers of your job with this hi-vis coverall with arc protection. The coverall has double stitched reflective FR strips for increased visibility. In this flame retardant anti-static coverall you are protected from heat and metal splashes, but you feel comfortable because of the light, breathable and supple fabric with moisture-regulating and flame-retardant properties. Increase your comfort by inserting knee protection into the knee pockets that are provided and narrow your sleeves for a perfect fit. The Fareins retains its shape as the coverall is shrink and pilling resistant, even after frequent washing.
