Feature	Advantage	Benefit
<p>Profiled internal and external shape to the ear plug</p> 	<ul style="list-style-type: none"> Increased surface area gives better sound absorption 	<ul style="list-style-type: none"> Excellent speech and sound recognition
<p>Moulded, low pressure PU foam</p> 	<ul style="list-style-type: none"> Designed to fit the shape of the ear canal with reduced expansion pressure 	<ul style="list-style-type: none"> Easy to fit and excellent wearer comfort
<p>Blue coloured plug and cord</p> 	<ul style="list-style-type: none"> Increased visibility 	<ul style="list-style-type: none"> Improved security against product contamination
<p>Fully detectable cord - iron enriched material and metal ferrules at the ends</p> 	<ul style="list-style-type: none"> Increased detectability 	<ul style="list-style-type: none"> Improved security against product contamination
<p>Low attenuation – SNR 24dB</p> 	<ul style="list-style-type: none"> Can be used in noise areas up to 95dB 	<ul style="list-style-type: none"> Reduced risk of over protection and wearer isolation
