

## Technical Data Sheet

### Product Description: Arco Breeze KN 3G4620 – Clear

- Lens UL1,2 CT 1 K N
- Frame CT 1M

EN ISO 16321-1:2022/  
A1:2025

UV400 protection with anti-scratch (K) & anti-mist (N) coating  
Clear lens provides maximum light transmission with impact protection for indoor use.

Application: Indoor Assembly, Construction, DIY, Agriculture, Mining, Military, Medical/Dental, Lab and Dielectric Working Areas (Electronics/Capacitors, Power Systems, Optics/ Photonics, Semiconductors and etc.)

Lightweight: 24.3 grams

Resilient & durable protective eyewear for all day wear

Unitary 9-base one-piece lens with integral extension of upper and side shield provides perfect impact protection for full eye protection

Soft and rotatable nose piece secure the spectacle to your face without slipping  
Curved & co-material temples provide comfort  
Dielectric hinge design – no metal components in this spectacle

### Product Details: Arco Breeze KN 3G4625 – Smoke

- Lens G2 CT 1 K N
- Frame CT 1-M

EN ISO 16321-1:2022/  
A1:2025

UV400 protection with anti-scratch (K) & anti-mist (N) coating

Smoke lens with marking G2 is one of the most-popular tinted lenses for outdoor use. It can provide glare protection on bright days with sunlight but does not distort your eyes for true colors.

Application: Construction, DIY, Agriculture, Mining, Military, Dielectric Working Areas (Electronics/Capacitors, Power Systems, Optics/ Photonics, Semiconductors and etc.), Driving, Fishing, Golfing, Cycling, Running, Rocket sports / Tennis, Skiing, Surfing/ Sailing
