

Technical Data Sheet

Product Description: Arco Bora

EN ISO 16321-1:2022/
A1:2025

Product Reference:

3G4630 – Clear

- Lens UL1,2 CT 1
- Frame U1,2 CT 1M

3G4635 – Smoke

- Lens G2 CT 1
- Frame G2 CT 1-M

3G4640 - Amber

- Lens UL1,2 CT 1
- Frame CT 1-M

Clear 3G4630

UV400 protection with anti-scratch coating

Clear lens provides maximum light transmission with impact protection for indoor use.

Application: Indoor Assembly, Construction, DIY, Agriculture, Mining, Military, Medical/Dental, Lab

Sports design

Lightweight: 23.3 grams

Slim temple, covered with soft temple tip, provides comfort over ears

Resilient & durable protective eyewear for all day wear

Unitary 8-base one-piece lens with integral extension of side shield provides perfect impact protection for full eye protection

Enlarged soft nose piece secure the spectacle to your face without slipping

Smoke 3G4635

UV400 protection with anti-scratch coating

Smoke lens with marking G2 is one of the most-popular tinted lenses for outdoor use. It can provide glare protection on bright days with sunlight but does not distort your eyes for true colours.

Application: Construction, DIY, Agriculture, Mining, Military, Driving, Fishing, Golfing, Cycling, Running, Rocket sports / Tennis, Skiing, Surfing/ Sailing
