3G4650 – Smoke

- Lens G2 CT 1 K N
- Frame CT 1-M

EN ISO 16321-1:2022/
A1:2025

UV400 protection with anti-scratch (K) & anti-mist (N) coating

Smoke lens with marking G2 is one of the most-popular tinted lenses for outdoor use. It can provide glare protection on bright days with sunlight but does not distort your eyes for true colors.

Application: Construction, DIY, Agriculture, Mining, Military, Dielectric Working Areas (Electronics/Capacitors, Power Systems, Optics/ Photonics, Semiconductors and etc.), Driving, Fishing, Golfing, Cycling, Running, Rocket sports / Tennis, Skiing, Surfing/ Sailing
