

Technical Data Sheet

AirPro Baseball Bump Cap

AirPro Baseball Bump Cap

AirPro Baseball Bump Cap has been designed to provide maximum breathability for increased coolness. Comfort is further enhanced by the security and fit of the cap and it is one of the lightest caps around at only 135g! AirPro's inspired design incorporates a lower nape strap depth for optimum head retention. Reflective features and approval exceeding EN 812 A1 make this a first class bump cap.

Specification

Colours:	Red (R), Green (G), Black (K), Grey (E), Royal Blue (RB), Navy Blue (NB), High Visibility Orange (HVO), High Visibility Yellow (HVV)
Peak:	Proban: Navy Blue (NB), Reduced Peak: Black (K), Navy Blue (NB)
