

Product Data Sheet

Assetag Flex

Identify your plant and equipment with these extremely durable and colourful tags. Manufactured from polyurethane (TPU), they are available with or without a selection of common workplace messages.

- Six standard message options (single-sided) plus plain face option.
 - Writable with ballpoint or permanent markers.
 - Resistant to temperature extremes, acids, alkalis, oil, grease and solvents.
 - Self-fastening at two points.
 - Available in six colours.
- Customer designs and double-sided options available on request.
