

Product Data Sheet

One Man Tower

Quickly and easily erected by one person. The folding base unit forms a trolley that allows easy storage and transportation.

- Four platform heights provide working heights up to 5.7 m.
- Manufactured from heavy-duty 50 mm aluminium tube.
- Heavy-duty spigots for maximum strength.
- Compact size fits through standard doorways.
- Locking castors provide manoeuvrability and stability.

Maximum Static Vertical Load 150 kg.

Approx Working Height* (m)	Platform Height (m)	O/all Height (m)	Platform Width (m)	Platform Depth (m)	O/all Width incl. Stabilisers (m)	O/all Depth incl. Stabilisers (m)	Weight (kg)	Code
2.70	1.10	2.30	0.70	1.30	3.20	2.50	130	55D9028
3.70	2.10	3.30
