1151-008	8.0	8.4	26	7.8	75	47 x 25	33.4

## Technical Description

Industrial steel ladder with a galvanised coating is more durable and resilient than paint or epoxy alternatives. Deep serrated round rungs enable the ladder to be used either way up on scaffolding or for underground applications.

- » Fully coated, inside and out, with aluminium-zinc for maximum corrosion resistance
- » Strong reinforced stiles
- » Round, anti-slip rungs, angled to provide flat climbing surface
- » Oversize rubber feet allow use either way up

## Standards & Classification

- » Max Load 150kg
- » EN131

## Warranty

- » 5 Years

## Commodity Code

- » 73269030
