

TECHNICAL DATA SHEET

PURE POLYPROPYLENE
SORBENT

**Absorption
Capacity in Litres: 4L**

arco[®]

ARTICLE CODE

5656205

All absorbents are calculated in accordance with BS 7959-2:2000 standard, including colour coding of absorbents.

Pillow 50cm x 40cm length

APPLICATION

| | |
|--------------------------|--|
| WHITE HYDROPHILIC | Absorbs a wide spectrum of products (acids, alkaline solutions, acetate, chlorinated solvents, benzene, toluene, water, oil, etc...). |
| SM | Product is made from 100% virgin polypropylene. Outer layer is constructed by using spunbond material and the inner is constructed by meltblown Polypropylene. |
| PILLOWS | Pillows are ideal for day today housekeeping, dealing with minor leaks and spills and are great when used pro-actively to contain spills. Main usage is for the recovery and collection of leaks and spills. |

WHY USE POLYPROPYLENE ABSORBENTS?

Polypropylene absorbents provide:

- Exceptional absorbency (up to 25 times their own weight)
- Selective absorption: 3 types available (Oil Selective - General Purpose - Chemical) allowing you to absorb almost any liquid.

The use and disposal of Polypropylene absorbents saves you time and money:

- Quick and easy to deploy, saving you time
- No dust or mess to clean-up, saving you time
- They ensure the floor is slip free when used pro-actively, saving you money
- Unlike granules it's easy to see how much you are using, saving you money
- Where legislation allows controlled incineration produces energy and reduces landfill (Ash content is a little as 0.05%) saving you money.

ADDITIONAL INFORMATION

TRANSPORT: No specific regulation, can stand extreme cold, to be kept away from heat > 160°C.

SECURITY: No specific risk. For further information, please refer to the material safety data sheet.

STORAGE: Store in a dry and cool place.

DISPOSABILITY: The absorbents must be disposed of in compliance with the absorbed chemical destruction regulation.

SPECIAL REMARKS

The information contained herein is furnished without warranty of any kind. Users should consider these data only as a supplement to other information gathered by them and must take independent determinations of suitability and completeness of information from all sources to assure proper use and disposal of these materials and the safety and health of employees and customers and the protection of the environment.
