

2 DRUM BUNDED WORKFLOOR

PRODUCT

The Ecospill PE 2 Drum Bundled Workfloor is a low-profile, 150mm high sump floor designed to contain spills from two 205L drums. Made from medium-density polyethylene, it features a 130L sump capacity and a 1000kg static load-bearing mesh floor. Units can be used standalone or interconnected with plastic connectors to create larger bunded areas.
