

	TECHNICAL DATA SHEET
	PURE POLYPROPYLENE SORBENT
	arco®
	ARTICLE CODE
	56L2113
	All absorbents are tested in
8	accordance with BS 7959-2:2000
	standard, including colour coding of absorbents.
	Spill Station
APPLICATION	
METAL SPILL STATION	Made from mild steel with powder coating to make it visible for emergency use.
PRODUCT	1 x Metal Spill Station
SPILL STATION	Spill Kits provide a solution to contain and recover spillages around the workplace environment. All stations come equipped with a range of absorbent products for a quick and effective response to leaks and spills.
WHY USE POLYPROPYLENE ABSORBENTS?	

Polypropylene absorbents provide:

- Exceptional absorbency (up to 25 times their own weight)

- Selective absorption: 3 types available (Oil Selective - General

Purpose - Chemical) allowing you to absorb almost any liquid. - The use and disposal of Polypropylene absorbents saves you time and money: Quick and easy to deploy, saving youtime

- No dust or mesh to clean-up, saving you time

- They ensure the floor is slip free when used pro-actively, saving you money

- Unlike granules it's easy to see how much you are using, saving you money

- Where legislation allows controlled incineration produces energy and reduces landfill (Ash content is a little as 0.05%) saving you money.

ADDITIONAL INFORMATION TRANSPORT: No specific regulation, can stand extreme cold, to be kept away from heat > 160°C. SECURITY: No specific risk. For further information, please refer to the material safety data sheet. STORAGE: Store in a dry and cool place. DISPOSABILITY: The absorbents must be disposed of in compliance with the absorbed chemical destruction regulation. SPECIAL REMARKS

The information contained herein is furnished without warranty of any kind. Users should consider these data only as a supplement to other information gathered by them and must take independent determinations of suitability and completeness of information from all sources to assure proper use and disposal of these materials and the safety and health of employees and customers and the protection of the environment.
