

NOAQ BOXWALL INWARD CORNER 30 DEGREE L210 X W680 X H530MM

PRODUCT

Boxwall inward corner section, 3 x inward sections are required to create a 90 degree bend. Manufactured in hardwearing polypropylene which can be easily washed down after use. Self-anchoring, no additional fixings required. The higher the water rises the harder the barrier is pressed firm against the ground. Damming ability 100cm
