

Sanitiser bracket

Product code: San01

Overview

The hand sanitiser bracket holds standard pump dispensers up to a diameter of 75mm. The bracket is designed for areas where sun screens, sanitisers and other gels and creams are required, such as construction sites, hygienic environments and kitchens. Via the modular Skipper connector slot, the sanitiser bracket can attach easily and securely to other Skipper products including the cord strap clip, suction pad, post & base collar and wall clip - as well as the Skipper unit itself.

Product Specifications

Width: 80mm 3.1"	Height: 109mm 4.3"
Depth: 90mm 3.5"	Weight: 60g 2.1oz

Key selling points

- Versatile design allows the sanitiser bracket to attach to almost any surface
- Fully compatible with a range of Skipper products
- No requirement for fixed installation that requires drilling or other costly permanent works.

Key features

- Connects to the post & base collar, cord strap clip, wall clip and the Skipper unit
- Holds standard pump dispenser bottles

The sanitiser bracket holds standard size pump dispensers.

Product FAQs

Q. What type of bottles does the bracket hold?

A. The sanitiser bracket holds standard pump dispensers up to a diameter of 75mm.

Q. What products would I use in it?

A. The sanitiser bracket is perfect for holding all types of dispensing products. Typical examples include hand sanitisers, barrier creams, sun creams and Swarfega.

Q. Why would I have this in my place of work?

A. Coupled with a range of versatile fixing attachments, the sanitiser bracket allows for a fast and mess-free installation to any surface, giving you the ability to deliver sanitising products at point of issue.
