

COBAGRIP Grating

GRP grating for platforms, walkways, flooring, and covers

- Made from tough, hard-wearing GRP with a grit surface for excellent slip resistance.
- The paint pigment used in the product complies with ASTM E1645-01, ensuring the product is safe and reduces the risk of lead exposure to meet regulatory standards.
- A high-quality flooring option that offers a credible alternative to steel mesh grating.
- The quartz crystal-bonded top surface provides extreme durability and high slip resistance.
- Perfect for high-traffic areas or demanding, corrosive environments.
- Half the weight of steel solutions, making it easy to install with no ongoing maintenance.
- M-type, C-type and L-type clip accessories available for secure installation on edges.
- Manufactured from Type O, Orthophthalic Polyester resin, ensuring high performance and durability.
- Strong bi-directional properties allow the product to be used in various applications, making it more versatile.
- Slip test to EN 16165:2021 Annex B.
- Fire tested to EN 13501-1:2018.
