**Sizes:** 36 - 48

### COMPACT PU OUTSOLE

Due to its high material density, the slip resistant outsole (SRC) wears out less and prolongs thus the life of the shoes. The striking profile which is divided into different segments, offers maximum support and grip on uneven as well as wet and slippery surfaces. The wide cleats at the outer edge ensure a high level of stability

### EFFECT.FOAM<sup>®</sup>

Tireless comfortable!

- 60% energy return
- 47% less impact on bones and joints\*
- extremely powerful and light
- permanently high level of comfort for fatigue-free work

\* Dynamic energy absorption reduces the impacts to 1.6KN, the average for safety shoes is 3.0KN.

### EVERCUSHION<sup>®</sup> RELIEF<sup>†</sup>

This ergonomically shaped, high-performance footbed is a combination of different soft polyurethane layers. It reliably protects the heel from shock, withstands even the most strenuous daily demands and guarantees long-lasting comfort and performance.

### UPPER

The upper is made of robust full leather is resistant to abrasion. The smooth and soft material offers more protection from penetrating moisture and it is easy to clean.
